

## News from ITS

ITS at TRB 2009— [PATH](#) at TRB 2009; [Traffic Safety Center](#) at TRB 2009; [Transportation Sustainability Research Center](#) at TRB 2009.

December 19: [Joan Walker Wins National Science Foundation Award.](#)

December 16: [Adib Kanafani named the 2009 Chairman of the Transportation Research Board \(TRB\) Executive Committee.](#)

December 15: [Transportation Sustainability Research Center Launches Re-Designed Web site:](#) Among the new features: [downloadable data sets](#) of raw numbers.

December 5 Seminar: ["New paradigms in the collection, interpretation and application of traffic information,"](#) Presented by [J.D. Margulici](#), Associate Director of the California Center for Innovative Transportation at UC Berkeley.

November: [Adib Kanafani Honored by National Research Council](#) Kanafani is named a lifetime National Associate of the National Research Council for his service.

November 21 Seminar: ["Revisiting the Estimation of Highway Maintenance Marginal Cost"](#) Presented by [Shadi B. Anani, Ph.D.](#) Candidate, Department of Civil and Environmental Engineering, University of California, Berkeley.

November 14: [UC Berkeley and Nokia turn mobile phones into traffic probes with launch of pilot traffic-](#)

Vol. 4, No. 2

## Winter 2008: Stories This Issue

### [We'll Take Manhattan: Berkeley's High Profile at 15th annual ITS World Congress in NYC](#)

PATH and CCIT brought high-tech demos to city streets, and TSRC's researchers moderated four panels and delivered eight talks at the conference.

### [Cracking Congestion: Mode by Mode Around the Globe](#)

Vikash Gayah, Ilgin Guler, Josh Pilachowski, Celeste Chavis, Eric Gonzales, and Yiguang Xuan are some of the ITS students researching solutions to urban traffic congestion in three countries.

### [Gender and Mobility: Clark University's Susan Hanson delivers Third Annual Martin Wachs Distinguished Lecture in Transportation](#)

Hanson, former director of Clark's School of Geography, is a member of the prestigious National Academy of Sciences and winner of the Guggenheim Fellowship and the Van Cleeve Medal from the American Geographical Society for innovative work in urban geography. Her talk, "Gender and Mobility: A Feminist Geographer's Perspective," doubled as a kick-off for the City and Regional Planning Department's 60th anniversary celebration.

### ["Tackling Congestion in an Era of Climate Change:" 2nd Annual California University Transportation Centers-California PATH Conference, November 6-7, 2008](#)

7, 2008

[PDF of front page](#)

[monitoring software.](#)

November 14 Seminar:

**"[Truck Arrival Sequencing and the Impact on Re-Handling Work at Marine Terminals](#)"** Presented by *Anne Goodchild, Ph.D., Assistant Professor, Civil and Environmental Engineering, University of Washington.*

**[November 3-6 NEXTOR's Airport Systems Planning and Design 37th Annual Short Course](#)** At the *International House, UC Berkeley.*

November 7 Seminar:

**"[Reliable Facility Location under Probabilistic Disruptions](#)"** Presented by *Yanfeng Ouyang, Ph.D., Assistant Professor, Civil and Environmental Engineering, University of Illinois at Urbana-Champaign.*

October 31: "[Availability of Fuel or Other Energy Sources for Transportation](#)" *TSRC Director Dan Kammen's testimony before the California Assembly Transportation Committee.*

October 31 Seminar: "[A Random Walk through Transportation Innovation in Barcelona](#)" Presented by *Francesc Robusté, Ph.D., Professor of Transportation, Director of the Center for Innovation in Transport CENIT, Technical University of Catalonia at Barcelona.*
